Wilkens stated the board members received a letter from Mr. Havener regarding the speed of the biographical sketches of the Hall of Fame. Wilkens said it has been corrected and instead of 20 seconds between slides there are 60 seconds.

Manager's Report.

1. Equipment. The batwing is operational and in storage. The JD6130 has been used a few times for moving snow and fluids were checked. The JD 997 Zero Turn Mower is operational and in storage. The Ford pick-up is operational and fluids were serviced. The snowplow frame is broken and Bellini's Welding is repairing. The Toyota courtesy car had fluids checked. Plow #23-Red is operational and fluids were checked. Plow #4-Blue is operational. The fluids were checked, the hydraulic fluid leak in cab was repaired by Bonnell Industries, dash panel gauge cluster replaced, power steering repairs were done, right rear turn signal was replaced and the right front turn signal was repaired and muffler replaced, and a DOT truck inspection completed by Thompson Truck Repair. The snowblower is operational and fluids were checked.

   Fuel farm is operational and the monthly check was completed by Howard Lee & Sons. Howard Lee and Sons also repaired a vent pipe bracing for the 100LL and Jet-A.

The airfield lighting is operational and three (3) fixtures were re-lamped. The ramped lights were replaced with LED fixtures.

2. Terminal Building. The furnace filters were replaced. The entryway cement has been replaced. The project may cost a little more than expected as there was no rock or footing under the concrete so a block wall was put up to reinforce it so it does not happen again.

3. Hangars. All hangars have tenants except 5E where airport equipment is stored.

4. Airport Improvement. Engel Electric began the ComEd LED light conversion project on Wednesday, December 11. Hangar C high bay lights have been replaced. Buildings A, C, D, E, 1, 2, 3, 4, 5 and the pump exterior lights have been installed. Still waiting on the proper fixtures for Hangar 6. Entry road lights have also been replaced; however they are still inoperative due to a voltage issue. The west ramp lights are complete and they are currently working on the east ramp lights.

   Workman's Heating and Air Conditioning have installed the equipment for the ISP building. Engel Electric moved an electrical circuit that was preventing Workman's from installing the new furnace.

   Howard Lee and Sons is putting together an estimate for removing the underground fuel tanks and installation of two (2) new 10,000 gallon above-ground tanks, displays and a card reader.

5. Activities. Civil Air Patrol continues to meet every Monday in the terminal. Sauk Valley Aviation, Inc. had a Christmas party on December 16.

Old Business.

Unfinished Business.

1. Airport Economic Development. There was no update

2. Single Project Agreement for Engineering Services [AIP/IDOT SRE Project]. Wilkens said this is no longer in effect. IDOT ended up doing the entire re-selection for the next five (5) years.

3. Capital Bill Projects. Wilkens said this is at Howard Lee & Son who is putting together and discussed under airport manager's report.

4. Drive, Parking Lot, Ramp & Hangar LED Lighting Conversion. Wilkens said Heffelfinger already talked about.

5. Business Tenant Office Air Conditioners. Heffelfinger already touched base on this as well.

6. Hangar 5/Hangar 1. No new updates.

7. Terminal Improvements. Wilkens said he and Heffelfinger met with Skip McCloud of McCloud and Associates Architecture out of Sterling, Illinois and he put together a proposal for services for the exterior and interior of the terminal. This is including the bathrooms up to code and a facelift on the exterior. Task Company out of Shannon, Illinois also gave a proposal. Wilkens said there are hourly rates which are exactly the same but McCloud and Associates also gave an estimate on the entire project. VanKooten suggested if there is a corporate hangar being built in years to come we would want to tie it all together. Wilkens said there is nothing currently set about corporate hangar. It was discussed to hold off until the other members of the board were in attendance to make any decisions. Heffelfinger said he received two quotes for the ceiling tiles for $27,000.00 and the bathroom for $20,000.00.

8. Corporate Hangar. Wilkens said there is no new news.

9. Airport Usage Fees. Wilkens said no news.

10. Bylaws & Mission Statement. Wilkens said he has been talking with the Assistant State's Attorney about the by-laws and the airport committee. The airport committee is a quorum and the open meetings act would apply. Wilkens said this means that any time the bills are approved whether or not the members were at the airport to approve the bills, it would be a quorum of the committee. VanKooten said as long as the two members that met were not part of the executive committee, they are okay. Wilkens said they are still trying to work it out on what they can do. Wilkens said the approval of the bills isn't approved until the actual meeting, but when the two that meet to review them, that is to make sure there are not any issues with the bills and forward them to the rest of the members. Wilkens asked about moving the spending authority amount to $7,500.00 for emergency situation such as snowplow equipment. A discussion took place on limits on the airport manager's authority on spending and Wilkens said he is still working on language with the Assistant States' Attorney. Koster asked if the airport committee really needed to approve the bills or if the bills could just be emailed out for all the board members to review. Wilkens said no the committee doesn't really need to approve them beforehand. Wilkens said a representative would just need to send out the invoices to the board members and Wilkens suggested the airport manager should send them out. Wilkens said Adolph put together a mission statement "Whiteside County Airport is committed to providing communities of northwest Illinois with a safe and sufficient and convenient option for corporate and private travel. Aviation is continuously promoted through community engagement and networking allowing for residents and visitors to explore the advantages of using the Whiteside County Airport

for an exceptional experience". Wilkens said they will discuss it further when all of the members are at the meeting.

New Business.

1. Ramp Tie Down Lease Agreement Review. Wilkens said he retyped the agreement Dave Murray had done previously. Wilkens said the only thing that needs to be reviewed is the fees associated and if that is something that needs to be continued and if it should be monthly or weekly. Heffelfinger said not many are here for long periods of time. Koster asked if this was for long term stuff only. Wilkens said yes and he suggested getting rid of the weekly tie down fee. Wilkens said the language could be left in and deal with it if an issue arises. It was agreed to keep the agreement as typed and a motion wasn't needed since it was already in existence.

2. [FAA AIP/IDOT] Engineering Services Selection. Wilkens asked Heffelfinger to discuss this. Heffelfinger said he has been contacted from four (4) different companies and CMT is the only one that gave a proposal to him. The time limit has passed for the other companies to submit a proposal. A motion was made by VanKooten to approve CMT for the engineering services selection and seconded by Koster and agreed upon by all members.

3. Airport Social Media Promotional Campaigns. Wilkens said he is going to push this back to next month. Wilkens said it is to promote on social media to get our name out there and advertising with EAA to get planes to come in.

Next Meeting . The next regular meeting is scheduled for February 13, 2020 at 5:00 p.m. at the Airport Terminal Building.

Adjournment. There being no further or other business to come before the board, on motion duly made, seconded and passed unanimously, the meeting was adjourned at 6:04 p.m.

Respectfully submitted,

Manager's Report.

1. Equipment. The batwing is operational and in storage. The JD6130 had fluids checked and is operational. The JD 997 Zero Turn Mower is operational and in storage. The Ford pick-up is operational and fluids were serviced. The snowplow frame was repaired by Bellini's Welding, the snowplow electric motor and hydraulic pump were replaced. The hydraulic leak was also repaired. The Toyota courtesy car had fluids checked. Plow #23-Red, Plow #4-Blue and the snow blower are all operational and fluids were checked.

   Fuel farm is operational and the monthly check was completed by Howard Lee & Sons.

   The airfield lighting is operational and one (1) fixture was re-lamped.

2. Terminal Building. The furnace filters were replaced. The entryway cement has been replaced.

3. Hangars. All hangars have tenants except 5E where airport equipment is stored.

4. Airport Improvement. Engel Electric has completed the ComEd LED light conversion project. They are currently working on submitting the final paperwork to ComEd rebate program.

   Workman's Heating and Air Conditioning has installed the equipment for the ISP building. Engel Electric moved an electrical circuit that was preventing Workman's from installing the new furnace.

   Wilkens and Heffelfinger met with CMT and IDOT last week to discuss the runway 18/36 resurfacing project.

5. Activities. Civil Air Patrol continues to meet every Monday in the terminal. Sauk Valley Pilots' Association hosted a presentation by AOPA named "Difficult Decisions." There were 20 local pilots in attendance for the presentation and pilots qualified for FAA Wings credit.

Old Business.

1. Drive, Parking Lot, Ramp & Hangar LED Lighting Conversion. This is complete as mentioned in the manager's report.

2. Single Project Agreement for Engineering Services [AIP/IDOT SRE Project]. This has been completed and CMT is current engineering firm for the airport.

Unfinished Business.

1. Terminal Improvements. Wilkens introduced Skip McCloud with McCloud & Associates. McCloud showed the members previous work his firm has done with other businesses in the area. McCloud submitted a proposal for the exterior of the terminal building in January. This includes different phases which starts with an existing condition survey with measurements. After this is complete it can then be customized to fit within the budget. McCloud mentioned whatever the amount for the project budget should be doubled. McCloud also said he doesn't have to be hired for all steps of the project. The firm can be hired for just the initial phase for the measurements and design concepts. It was discussed if a corporate hangar is added in the future, it would be good to match that to the terminal building to tie it all together. It was decided to not make any decisions at this meeting.

2. Airport Economic Development. VanKooten is meeting with Gary Camerano and Scott Winters Construction on Thursday at 10:00 a.m. He invited Koster and Wilkens to attend if they would like. It was decided to post the agenda in case a quorum would be

present. King said the board needs to determine what Winters can do as to the exterior of the building before hiring the architectural firm as well.

3. Capital Bill Projects. Wilkens said he has not received any news from IDOT to date.

4. Business Tenant Office Air Conditioners. Wilkens said Workman did not bid the job at prevailing wage. Heffelfinger halted the job to bring to the board. Workman resubmitted a bid and after discussion the consensus was to go ahead. The difference between the bids was $500.00. No action was needed since the board already approved of Workman's bid.

5. Hangar 5/Hangar 1. No new updates.

6. Corporate Hangar. Wilkens said there is no new news.

7. Airport Usage Fees. Wilkens said no news.

8. Bylaws & Mission Statement. Wilkens said he and the assistant state's attorney have been discussing the bylaws back and forth. Wilkens said when the board and Heffelfinger is sending emails, all members should be blind copied (bcc'd) instead of all in the "to" to avoid a quorum for a meeting. After discussion, a motion was made by VanKooten and seconded by King to approve the bylaws. These will not be published on Whiteside County's website. Wilkens said the mission statement can wait until Adolph is in attendance.

New Business.

1. Flight Simulator Equipment Donation Acceptance Letter. Wilkens said Bill Mansfield has donated a Gateway 2000 computer, along with the yolk and rider pedals to the airport. After discussion, a motion was made by Koster and seconded by King approving the acknowledgement of the donation letter written by Wilkens to Mr. Mansfield. There was not a donation amount on the letter.

2. Airport Social Media Promotional Campaigns. Wilkens said he has reached out to Hope Linker, a media manager and she would be able to go over how to engage more attention on social media. VanKooten suggested Heffelfinger would benefit from this as well and King suggested Dawn Heffelfinger as well. Linker could do two (2) hours of training along with some photography for $597.00. King suggested opening this up to all that are at the facility, but Wilkens was not sure if the price would change, but will look into it. King is going to check with another person she is familiar with as well.

3. Lease Agreement: Radio Ranch. Wilkens asked the members if they were all able to review the agreement that he emailed prior to the meeting. Nothing had been changed besides the dates. The agreement extends the contract with Radio Ranch for another

year. After discussion, a motion was made by Koster and seconded by VanKooten and passed unanimously to renew the lease agreement with Radio Ranch for one year.

4. Lease Agreement: Airport Manager & FBO. Wilkens said the agreement with the manager and FBO will be coming up in September. Wilkens said if nothing in changed in the structure of the contract the board can renew the contract with Sauk Valley Aviation, but if there are any changes the job will need to be posted for bids. Wilkens suggested King to negotiate terms with Darin prior to the next meeting. It was discussed the contract should be for three (3) years instead of one (1) year term.

5. Aviation Fuel Self Service Kiosk. Heffelfinger received a letter from QT Pod and they are stopping their support of our current self-serve credit card terminal. The board does have until June 30 where we can receive a $2,000.00 discount for an upgrade. Wilkens said if Comcast does go down the WiFi will be lost on the upgraded kiosk and that it would be a good idea to have the cellular connection.

Wilkens had the signature cards for the second account that is being added from the treasurer's office, but King noticed her social security number was incorrect. It was decided to have Community State Bank redo the signature cards with the correct social security number for Chris King.

Next Meeting . The next regular meeting is scheduled for March 12, 2020 at 5:00 p.m. at the Airport Terminal Building.

Adjournment. There being no further or other business to come before the board, on motion duly made, seconded and passed unanimously, the meeting was adjourned at 6:38 p.m.

Respectfully submitted,

MINUTES OF THE SPECIAL MEETING
OF THE WHITESIDE COUNTY AIRPORT BOARD

A Special Meeting of the Whiteside County Airport Board was held on February 20, 2020 in the Terminal Building at the Whiteside County Airport, Rock Falls, Illinois at 10:02 a.m.

Present were Board members: President Drew Wilkens, Dave Koster and Monte Van Kooten. Also present were Airport Manager Darin Heffelfinger, Scott Winter, Gary Camarano and Bill Havener.

Public Comment. None

Corporate Hangar. Wilkens said the layout plan was available for Winter and Camarano to view. Wilkens stated the current layout plan is for 100'x100' (building) but in previous meeting discussions it was for 150' wide x 100' deep. That would more than likely create grading issues but according to Google maps it should fit in the area. He noted there is a no building zone for ILS along the fence line. Wilkens said the building would have a 100' opening and be 28' tall. It was discussed if there was open space it could be filled with regular planes.

Wilkens questioned Winter if they had an in-house architect and told Winter about the idea to match up the hangar to the terminal building. Wilkens asked about a wind issue and drifting if they did a walkway between the hangar and the building. Van Kooten asked Winter if it would be a problem if another firm was hired for the terminal building and Winter said it would not. Camarano asked if the building was going to be a virtual spec or if the hangar would be owned by the airport and for rent only. Wilkens said it would be a hangar owned by the airport and for rent. Winter asked what the goal was at this point and Wilkens said looking at pricing to see how it will be paid for. Wilkens said there is money in the budget but not for the entire project and financing may be available. Koster questioned what the difference would be between 28' versus 30' (opening). Office space would be added towards Radio Ranch building. Winter recommended in between the hangar and the terminal. Koster questioned the interior and asked if the structure would be a steel structure and what kind of pitch Winter would recommend on this size of building. He recommended putting a gable roof of ¼' pitch. Koster asked what type of exterior he would recommend, and Scott said it all depended what they wanted to spend. For the interior it would be a concrete finished floor with 8" minimum of concrete.

Heffelfinger asked Winter the best way to heat this building and Winter suggested two (2) heaters since they are easy to maintain. Koster questioned radiant heat and Scott said it doesn't heat where it should be. The building would also need floor drains with oil separator and Winter asked if they wanted a long trench to the drain. Winter said there would need to be a slope to the drain and how many drains depends on how many planes they plan to put in at a given time.

Van Kooten said the building there currently would need to be taken down and asked Winter if he or the airport would need to take care of that. Winter said it would be better if airport took care of it but they can subcontract it out. Wilkens questioned if pillars would need to be installed for the 150' building. Scott said it is a big building, but it could be done.

Van Kooten asked about timeline for the building to be built and Winter said a few months for building and permits and a metal building production is 3-4 months. Camarano asked how long after the building is started. Winter said a building like this would go up in less than six (6) months and concrete could be poured before the building is here. Wilkens said the next step would be to get a quote for building and then the board needs to find out how to finance it. Foam fire suppression system would also need to be added into the building. Koster said to pay for it the board would need to look at grants and bills and other sources. There was a discussion on if there was a report showing how much the airport puts back into the economy. Camareno said another thing the board should come up with is the surrounding airports with corporate hangars, how full they are and what the need is. Van Kooten asked for a ballpark price on the building from Winter. Heffelfinger said the cost from Winter wouldn't include the removal of the current building. Camarano suggested the board send an email to Winter with all the building specs and sizes for them to look at getting a price estimate for the building. Wilkens suggested being conservative on the numbers to help them look at financing.

Camarano said talking with Duffy with the County Board and find out where funding could be found would be something to look at as well. Camareno said he will talk to the Blackhawk Hills people to look at possible grants to apply for. Camareno said putting together options to house in the corporate hangar within a 125-mile radius would be beneficial as well.

Wilkens said he wished the IPA (Tom Cleveland) project went though with network of airports to figure out best practices and issues with building a corporate hangar with the other airports. Van Kooten suggested reaching out to the other airports nearby to see if they had any issues or anything the others suggest with building a hangar. Koster asked if there was currently any TIPS money available or any that could be applied for. Wilkens suggested lobbying with the County to help offset the costs with the project with bonds. Koster questioned talking with FBO's to see if they would consider getting something set up to come to the airport and help pay for the hangar or will they go directly with Moline since it is bigger. No action was taken.

Tree Removal Project. Heffelfinger gave out bids including one from Midwest Forestry who uses a feeconning method that utilizes a big grinder on the front of skid loader for $5,000.00. Colville was at $9,800.00. Heffelfinger said a few are big trees which they will cut down and then go over with the grinder. Most would be mulched up and the bigger logs would be put into a pile. Van Kooten asked when they could start and Heffelfinger said they would work it in and would not leave until the project is done. Swift's bid was close to the County per hour. Renner, with the County, said they would be comparable to the others. Burger's bid was $10,800.00 up to $17,400.00 but they are expecting the board to do a lot of the work and burning of the brush. Heffelfinger said Midwest Forestry would also consider doing the tree line. Koster said his only issue with grinding them is the stumps will still be in the ground and tillage equipment could not run through there. Koster said he thought the farm ground that use to be tillable and includes this area should be looked at again. Koster would rather have them all pulled out including stumps instead of grinding them down. Swift's proposal includes bulldozer and a ripper to rip out the stumps. Koster is proposing approving the Broc Colville bid. Van Kooten asked when Colville could start and Heffelfinger said probably tomorrow; however, the trees may not be burned until the fall. After discussion, a motion was made by Koster to accept the proposal from Broc Colville Concrete & Excavating for $9,800.00 and seconded by Van Kooten and passed unanimously.

There being no further business to come before the Board, Van Kooten moved to adjourn, Koster seconded and was passed unanimously. The meeting was adjourned at 11:39 a.m.

Respectfully submitted,

STATE OF ILLINOIS
DEPARTMENT OF NATURAL RESOURCES

LICENSE AGREEMENT

THIS AGREEMENT is entered into the _____ day of _____, 20__, by and between the STATE OF ILLINOIS, DEPARTMENT OF NATURAL RESOURCES, hereinafter referred to as "IDNR," and WHITESIDE COUNTY, hereinafter referred to as "LICENSEE";

WITNESSETH:

WHEREAS, IDNR has title and jurisdiction over the real estate hereinafter described; and

WHEREAS, the premises is not otherwise needed immediately or in the near or foreseeable future by IDNR or development by IDNR; and

WHEREAS, IDNR is authorized and empowered to enter into this Agreement pursuant to the Department of Natural Resources Law, 20 ILCS 805/805-260; and

WHEREAS, LICENSEE is authorized and empowered to enter into this Agreement and to perform the covenants herein undertaken by virtue of the signature authorization attached hereto as Exhibit A; and

NOW THEREFORE:

1. PREMISES DEFINED: For and in consideration of the mutual covenants and undertakings contained herein, the sufficiency of which is hereby acknowledged, IDNR grants to LICENSEE a license to do the particular acts stated in paragraph 5 below on the property owned by the State of Illinois known as Hennepin Canal, shown on the attached Exhibit B (hereinafter "Premises"), and legally described as follows:

Part of Lot 10 in he East Half of Section 27, Township 21 North, Range 7 East of the Fourth Principal Meridian, Whiteside County, Illinois, as platted in the Recorder's Office of Whiteside County in Plat Book 4, Page 18, from a survey of John D. Arey, September 30, 1879, bounded and more fully described as follows:

Commencing at the center of said Section 27, also being the Southwest corner of said Lot 10; thence North 0°05' West a distance of 66.0 feet; thence North 89°53' East a distance of 15.0 feet to the point of beginning; thence continuing North 89°53' East a distance of 175.0 feet to the Easterly Right of Way line of the Feeding of Illinois and Mississippi Canal; thence North 0°0' East on the said Easterly Right of Way line a distance of 20.0 feet; thence South 89°53' West a distance of 175.0 feet; thence south 0°09' West a distance of 20.0 feet to the said point of beginning, contain 0.10 acre, more or less.

It is understood and agreed that IDNR makes no representations with respect to the condition of the title or boundaries of the Premises and shall not be held liable for any damages or liabilities resulting from any actions or adverse claims concerning the same. It is further agreed that licensed activities authorized herein shall not be carried on outside the boundaries of the Premises without the prior written consent of IDNR.

2. TERM: The term of this Agreement shall be for a period of five years, beginning on the 1st day of July, 2020, ("Effective Date") and ending on the 30th day of June, 2025, ("Expiration date") unless otherwise renewed, terminated or amended as provided for herein.

3. FEE: LICENSEE, for the use of the Premises for a particular purpose, does hereby agree to pay a license fee of One Hundred Ten Dollars ($110) per year, payable five (5) days in advance of the Anniversary Date of this Agreement. All payments shall be made by check payable to "Illinois Department of Natural Resources" and remitted to "Department of Natural Resources, Division of Concession and Lease Management, One Natural Resources Way, Springfield, Illinois 62702-1271". Any late payments made after December 1 of any year shall be subject to an additional fee of fifteen percent (15%) of the current yearly fee. A default in the payment of any fee due is a material breach of this Agreement, and may result in termination pursuant to Section 16(B) herein.

4 NON-EXCLUSIVE LICENSE: DNR hereby grants to LICENSEE a non-exclusive license, subject to all rights, interests and estates of third parties in and near the license Premises, including, without limitation, any leases, licenses, easements, liens, ownership interests or encumbrances in existence as of the date of this grant, and upon the terms and conditions set forth in this Agreement, to enter upon the license Premises for the applicable license purpose

5. PURPOSE: IDNR gives permission to LICENSEE to enter on the Premises for the purpose of using it to operate and maintain one fifteen inch (15") storm sewer pipeline and

outlet box only, and such use is subject to the terms and conditions set forth in this Agreement. Any uses of the Premises not specified in this Agreement shall be subject to the prior written approval of IDNR. An unauthorized or impermissible use of the Premises under this Section is a material breach of this Agreement, and may result in termination pursuant to Section 16(B) herein.

6. RESTRICTIONS ON USE: LICENSEE shall not remove any coal or any other material or oil lying on or under the Premises.

It is agreed that the Premises shall not be used for the storage, disposition, disposal, processing or burning of refuse, waste or debris, or for any unsanitary or unhealthful purposes by LICENSEE. LICENSEE shall conduct its operation on the Premises in compliance with all applicable Environmental Laws (as hereinafter defined) and further covenants that LICENSEE shall not transport, store, keep or cause or allow the discharge, spill or release (or allow a threatened release) in each case of any Hazardous Materials (as hereinafter defined) in, on, under or from the Premises. Without limiting any other indemnification obligations of LICENSEE contained herein, LICENSEE agrees to protect, indemnify, defend and hold harmless the IDNR from and against any and all losses and claims (including without limitation, (i) reasonable attorneys' fees, (ii) liability to third parties for toxic torts and/or personal injury claims, (iii) fines, penalties and/or assessments levied or raised by any governmental authority or court, and (iv) assessment, remediation and mitigation costs and expenses and natural resource damage claims) arising out of, resulting from or connected with any Hazardous Materials used, brought upon transported, stored, kept, discharged, spilled or released by LICENSEE in, on, under or from the Premises. For purposes of this License, the term "Hazardous Materials", shall mean all toxic or hazardous substances, materials or waste, petroleum or petroleum products, petroleum additives or constituents or any other waste, contaminant or pollutant regulated under for which liability may be imposed by any Environmental Law, "Environmental Laws" shall mean all federal, provincial, state and local environmental laws (including common law) regulating or imposing standards of care with respect to the handling, storage, use, emitting, discharge, disposal or other release of Hazardous Materials, including, but not limited to, the Resource Conservation and Recovery Act of 1976, 42 U.S.C. §§ 6901 et seq., the Clean Air Act, 42 U.S.C. §§7401, et seq., the Federal Water Pollution Control Act, 33 U.S.C. §§ 1251, et seq., the Emergency Planning and Community

45

Right to Know Act, 42 U.S.C. §§ 1101, et seq., the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. §§ 9601 et seq., the Toxic Substances Control Act, 15 U.S.C. §§ 2601, et seq., the Oil Pollution Control Act, 33 U.S.C. §§ 2701, et seq., any successor statutes to the foregoing, or any other comparable local, state or federal statute or ordinance pertaining to protection of human health, the environment or natural resources, including without limitation the preservation of wetlands, and all regulations pertaining thereto, as well as applicable judicial or administrative decrees, orders or decisions, authorizations or permits.

7. COMPLIANCE WITH LAWS: It is agreed that LICENSEE, in the authorized use of the Premises, shall observe and comply with all applicable local, state or Federal rules, regulations and laws, and indemnify IDNR for any costs, expenses and damage caused by the violation of any such rules, regulations or laws. Nothing herein shall be construed to place responsibility for compliance with applicable law on IDNR. Licensee shall bear all costs and fees and responsibility to comply with all applicable laws, ordinances, rules and regulations that may govern the proposed or authorized use of the Premises.

8. PROHIBITION ON ENCUMBRANCE: LICENSEE shall not allow or permit or give authority or power to place, incur or permit any lien, encumbrance or mortgage upon the Premises. LICENSEE shall not record a copy of this or any subsequent Agreement with the IDNR involving the Premises. If any license, lien, encumbrance or mortgage is placed on the Premises as a result of LICENSEE's activity, LICENSEE shall immediately take all actions and pay all costs or fees to have the lien, encumbrance or mortgage removed and released.

9. MODIFYING THE PREMISES: LICENSEE shall not modify or alter the Premises or any improvement located on the Premises without prior written approval of IDNR. If LICENSEE wishes to make alterations or modifications to the Premises, LICENSEE shall contact the IDNR Office of Realty and Capital Planning to ensure compliance with applicable statutes and regulations including, but not limited to, consultation requirements of the Illinois Endangered Species Protection Act, 520 ILCS 10/11 and the Illinois Natural Areas Preservation Act, 525 ILCS 30/17, the consultation, mitigation and compensation provisions of the Interagency Wetland Policy Act of 1989, 20 ILCS 830/1-1 et seq., and the Illinois State Historic Resources Preservation Act, 20 ILCS 3420/1 et seq.

10. RESERVED RIGHTS: IDNR reserves the right of ingress, egress and usage of the Premises, and the right to grant any third party a lease, license or right-of-way on the Premises. IDNR reserves the right to require LICENSEE to remove, relocate or modify any structure, equipment, activity or facility upon, under or across the Premises, at LICENSEE's expense, if IDNR determines that such actions are appropriate and necessary to preserve the integrity, character, function or use of the Premises by IDNR.

11. MAINTENANCE, ALTERATIONS AND OPERATION

A. IDNR makes no representations, warranties or assurances with respect to the condition of the Premises or any improvements situated thereon. It is agreed that LICENSEE has inspected the Premises prior to the execution of this Agreement and accepts the same in its present condition.

B. This Agreement is considered "a net agreement." All operating costs will be paid by LICENSEE. LICENSEE shall be responsible for the prompt payment of all utility bills, including, but not limited to trash removal, electricity, gas, water and sewer, telephone, cable television, and internet service furnished or supplied to all or any part of the Premises.

C. LICENSEE acknowledges that it has inspected the Premises for transmission of utilities and all other lines running within the Premises, including but not limited to oil, gas, electricity, water or sewer, and is accepting liability for LICENSEE'S harm to such transmissions running within, across or above the Premises. IDNR makes no representation or warranty as to the condition of prior or existing use of said transmissions. During any trench or other installation or relocation of any underground utility line, LICENSEE shall install marking tape at least twelve (12) inches above and directly over the utility and not more than twenty-four (24) inches below normal grade. Said tape shall be identified by permanent lettering and color coding as follows: Red - electric power; Yellow - gas, oil, hazardous materials; Orange - telecommunications, signals; Blue - water; and Green – sewer. Such markers, except as otherwise agreed or specified herein, shall meet applicable standards of the American Public Works Association.

D. LICENSEE shall keep Premises in a safe, sanitary and sightly condition, and in good repair. LICENSEE shall maintain the Premises and repair and pay for any

damages caused by the LICENSEE or their customers, invitees, agents or guests. If LICENSEE fails to perform any maintenance function required by IDNR within ten days after notice to do so, IDNR shall have the right to enter upon the Premises and perform the maintenance necessary to restore the Premises and LICENSEE shall reimburse IDNR for the cost thereof.

E. Requests for LICENSEE improvements within or for the benefit of the space(s) allocated to LICENSEE shall be submitted to IDNR for approval in a timely manner. Payment of LICENSEE improvements shall solely be paid for by the LICENSEE and subject to the reasonable direction and approval of IDNR.

F. Except when any maintenance or repairs are necessitated by LICENSEE activities, IDNR shall provide necessary maintenance and repairs to HVAC, plumbing, foundation, roofing, or other structural elements.

G. Any maintenance activities of LICENSEE, including all excavation or vegetation management activities, shall be preceded by written notice to IDNR pursuant to Section 23 herein, and shall be done in a manner which complies with any special concerns of IDNR. Such concerns may include, but are not limited to, requiring the scheduling of such activities to be compatible with anticipated activities of IDNR or its invitees or licensees, and restricting the seasons, types, extent and methods of vegetation control employed by LICENSEE.

12. PUBLIC SAFETY: IDNR may determine that a particular use of the Premises by LICENSEE is, or will be, hazardous to the public or the property, or is incompatible with IDNR purposes or State ownership of the Premises. LICENSEE, at its own expense, may be required to install safety devices, make modifications, or cease LICENSEE's operation to render the Premises safe for, and compatible with, public use.

13. TAXES: If applicable, upon notice to LICENSEE of the amount(s) due, LICENSEE shall timely pay and discharge LICENSEE's proportionate share of any real estate taxes, assessments, and other governmental charges which may be levied or assessed upon the Premises or any part thereof, and any taxes and licenses growing out of or in connection with LICENSEE's operation of its facilities upon the Premises during the term of this Agreement with respect to any tax year, or any portion thereof. LICENSEE shall, at any time upon request

of IDNR, provide to IDNR for examination receipts of payments of all such taxes, assessments and charges.

14 INSURANCE: LICENSEE shall, at all times during the term and any renewals, maintain and provide a Certificate of Insurance naming the State of Illinois as additional insured for all required bonds and insurance. Certificates may not be modified or canceled until at least 30 day notice has been provided to the State. LICENSEE shall provide: (a) General Commercial Liability-occurrence form in amount of $1,000,000 per occurrence (Combined Single Limit Bodily Injury and Property Damage) and $2,000,000 Annual Aggregate; (b) Auto Liability, including Hired Auto and Non-owned Auto, (Combined Single Limit Bodily Injury and Property Damage) in amount of $1,000,000 per occurrence; and (c) Worker's Compensation Insurance in amount required by law. Insurance shall not limit LICENSEE's obligation to indemnify, defend, or settle any claims.

15. INDEMNIFICATION: LICENSEE agrees to assume all risk of loss and to indemnify and hold IDNR, its officers, agents, employees harmless from and against any and all liabilities, demands, expenses, losses, claims, damages, liabilities, settlements and judgments, including costs, attorneys' fees, and expenses incident thereto, for injuries to persons and for loss of, damage to or destruction of property due to LICENSEE's use and occupation of the Premises and for the negligent or intentional acts and omissions of LICENSEE, its officers, agents, guests and invitees.

16. TERMINATION: This Agreement may be terminated at any time pursuant to this Section.

(A) IDNR shall have the right to terminate this Agreement at any time if it determines that the Premises is required to be used for public purposes incompatible with this Agreement. In such an event, IDNR shall give LICENSEE ninety (90) days' written notice of its intent to terminate, and LICENSEE shall cease its use of the Premises and remove LICENSEE's personal property therefrom, prior to the expiration of said notification period. If this Agreement is terminated pursuant to this subsection, LICENSEE shall not be liable for any further payments, other than remaining taxes or fees, beyond the date of vacating the Premises.

(B) IDNR shall have the right to terminate this Agreement for noncompliance by LICENSEE of any of the terms and conditions contained herein, or in the event of

LICENSEE's bankruptcy, tax lien, or receivership. In such an event, IDNR shall give LICENSEE written notification of such noncompliance and LICENSEE shall have thirty (30) days to cure or remedy the same. If LICENSEE fails to cure or remedy its noncompliance within said period of time, IDNR shall have the right to terminate this Agreement, and LICENSEE shall cease its use of the Premises as though the Agreement had expired at the end of its term, and restore the Premises in accordance with the terms of this Agreement. Should this Agreement be terminated pursuant to this subsection, LICENSEE shall remain liable for all remaining payments required by this Agreement.

(C) Both IDNR and LICENSEE shall have the right to terminate this Agreement prior to the expiration date by giving sixty (60) days' advance written notice in accordance with Section 23 herein.

17 RESTORATION OF PREMISES: Upon the termination or expiration of this Agreement, LICENSEE shall make such repairs and restorations as IDNR deems necessary. LICENSEE shall surrender the Premises to IDNR and restore any disturbances of the Premises caused by LICENSEE to the same or similar condition as prior to this Agreement, to the reasonable satisfaction of IDNR. If LICENSEE fails to restore the Premises, IDNR may restore the Premises, and require LICENSEE to pay the cost of such restoration.

18 RENEWAL AND RATE ADJUSTMENT: This Agreement may be renewed at the end of its term with written consent and approval of all parties hereto. LICENSEE shall provide IDNR with sixty (60) days' advance written notice of its interest in extension of the License. IDNR reserves the right to adjust rental rates on any renewal or extension to reflect current land values and/or conditions and circumstances. No holding over by LICENSEE shall be permitted. If the Premises is not properly vacated as provided herein, LICENSEE shall be considered a trespasser, and appropriate legal action may be taken.

19. AMENDMENTS: This Agreement and its attached exhibits constitute the entire agreement between the parties, and no warranties, inducements, considerations, promises, or other inferences shall be implied or impressed upon this Agreement that are not otherwise set forth. No change, modification or amendment shall be valid and binding unless set forth in writing and signed by all parties.

20. ASSIGNMENT; SUBLICENSING: LICENSEE shall not assign this Agreement, or allow it to be assigned, in whole or in part, by operation of law or otherwise, or mortgage or pledge the same, or sublet the Premises, or any part thereof, without the prior written consent of IDNR, which may be withheld for any reason or for no reason, and in no event shall any such assignment or sublicense ever release LICENSEE from any obligation or liability hereunder.

No assignee or sublicense holder of the Premises or any portion thereof may assign or sublicense the Premises or any portion thereof. IDNR is not required to collect any license fees or other payments from any party other than LICENSEE; however, any collection by IDNR from any approved assignee or sublicense holder or any other party on behalf of LICENSEE's account is not construed to constitute a novation or a release of LICENSEE from further performance of its obligations under this Agreement.

21. SUPERSESSION: This Agreement supersedes all previous agreements between the parties hereto regarding the Premises and the subject matter hereof, and any such previous agreements shall be of no further force or effect, relative to the rights or privileges granted by IDNR therein, as of the effective date.

22. APPLICABILITY AND SEVERABILITY: IDNR and LICENSEE mutually acknowledge that various standard provisions of this Agreement may or may not be pertinent to the proposed purpose, and that each such provision shall be interpreted as it reasonably pertains to the Premises. Should any provision of this Agreement be found illegal, invalid or void by a court of competent jurisdiction, said provision shall be considered severable. The remaining provisions shall not be impaired and the Agreement shall be interpreted to the extent possible to give effect to the parties' intent.

23. NOTIFICATION: All notices required or provided for by this Agreement shall be addressed as follows, unless otherwise provided for herein:

24. FISCAL FUNDING: Financial obligations of IDNR shall cease immediately and without penalty or liability for damages if in any fiscal year the Illinois General Assembly, Federal funding source, or other funding source fails to appropriate or otherwise make available funds for the operation of the Premises. In such event, the parties hereto may agree to suspend the operation and effectiveness of this Agreement until such time as said funds become available.

25. WAIVER: The waiver by IDNR of any term, covenant or condition herein contained shall not be deemed to be a waiver of any other term, covenant or condition nor shall either party's consent to any breach of any term, covenant or condition be deemed to constitute or imply its consent to any subsequent breach of the same or other term, covenant or condition herein contained.

STANDARD CERTIFICATIONS FOR INTERGOVERNMENTAL AGREEMENTS **Exhibit C**

Public Agency acknowledges and agrees that compliance with this section and each subsection for the term of the contract and any renewals is a material requirement and condition of this contract. By executing this contract Public Agency certifies compliance with this section and each subsection and is under a continuing obligation to remain in compliance and report any non-compliance.

If this contract extends over multiple fiscal years including the initial term and all renewals, Public Agency shall confirm compliance with this section in the manner and format determined by the State by the date specified by the State and in no event later than July 1 of each year that this contract remains in effect.

If the Parties determine that any certification in this section is not applicable to this contract it may be stricken without affecting the remaining subsections.

1. As part of each certification, Public Agency acknowledges and agrees that should Public Agency provide false information, or fail to be or remain in compliance with the Standard Certification requirements, one or more of the following sanctions will apply:

- the contract may be void by operation of law,
- the State may void the contract, and
- the Public Agency or its agents may be subject to one or more of the following: suspension, debarment, denial of payment, civil fine, or criminal penalty.

Identifying a sanction or failing to identify a sanction in relation to any of the specific certifications does not waive imposition of other sanctions or preclude application of sanctions not specifically identified.

2. Public Agency certifies it and its employees will comply with applicable provisions of the U.S. Civil Rights Act, Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act (42 U.S.C. § 12101 et seq.) and applicable rules in performance under this contract.

3 If Public Agency employs 25 or more employees and this contract is worth more than $5000, Public Agency certifies it will provide a drug free workplace pursuant to the Drug Free Workplace Act. (30 ILCS 580)

4. Public Agency certifies that the Public Agency is not participating or shall not participate in an international boycott in violation of the U.S. Export Administration Act of 1979 or the applicable regulations of the U.S. Department of Commerce. This applies to contracts that exceed $10,000 (30 ILCS 582).

5. Public Agency certifies it complies with the Illinois Department of Human Rights Act and rules applicable to public contracts, including equal employment opportunity, refraining from unlawful discrimination, and having written sexual harassment policies (775 ILCS 5/2-105).

6. Public Agency certifies it does not pay dues to or reimburse or subsidize payments by its employees for any dues or fees to any "discriminatory club" (775 ILCS 25/2).

7. Public Agency warrants and certifies that it and, to the best of its knowledge, its subcontractors have and will comply with Executive Order No. 1 (2007). The Order generally prohibits Contractors and subcontractors from hiring the then-serving Governor's family members to lobby procurement activities of the State, or any other unit of government in Illinois including local governments if that procurement may result in a contract valued at over $25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity.

8. Public Agency certifies that information technology, including electronic information, software, systems and equipment, developed or provided under this contract will comply with the applicable requirements of the Illinois Information Technology Accessibility Act Standards as published at www.dhs.state.il.us/iitaa. Land Use Project

1. I have started a land use project of parcels containing 30 acres or less that are currently receiving a farmland preferential assessment.

2. I don't know that a project like this has ever been done before since I have been here.

3. I have found that some of the land uses have changed & are no longer being farmed or used for pasture and should no longer be receiving a farmland preferential assessment.

4. We see large farms being pieced off and sold or parcels being sold that were in a specific program such as CRP or Forestry program that were not renewed by the new owner.

5. I start by sending them a letter in regards to the project along with a farmland questionnaire that I ask them to help me by completing the questionnaire and return it to me. I have gotten some phone calls in regards to my letters & "asking why is this being done" & "this has never been done before has it"?

6. I am getting a fairly good response & returns of the questionnaires.

7. If they return the questionnaire & there is no longer any type of farm production or pasture taking place on the parcel, I then send them a letter stating that they are no longer eligible to receive the farmland assessment & it will be changed to residential property for the 2020 pay 2021 year. If they have 5+ acres I suggest the Conservation Stewardship program or if they have 10+ acres I suggest the Forestry programs to be looked into & to apply for either of these programs before the end of this year.

8. This is quite a lengthy process & may take a few years to be completed. I started with the 6 Townships (Clyde, Ustick, Mt. Pleasant, Union Grove, Prophetstown & Lyndon) that have a quadrennial reassessment year in 2020.

Regional Office of Education

February Committee Report

We held out first Superintendent and principal meetings at Sauk Valley College on January 24th and 30th respectively. We had a great turnout for both meetings. Topics covered were: Illinois State Board of Education and legislative updates, Social/Emotional Learning /Trauma, Science assessment, community partnerships, an update on the census, teacher shortage, E Learning days and school maintenance grants available to all districts.

Mr. Tennyson is continuing to help districts train their behavior threat assessment teams with a training in Polo on January 16th and one coming up in February 11th in Prophetstown.

Mr. Morris, principal for our Center for Change alternative school classrooms is working with two local Rotary groups to secure grant funding for new laptop computers for student use.

I have attached our quarterly report for the quarter ending December 31, 2019. This report has the number of phone calls taken, number of fingerprints done, bus driver trainings held along with many other items.

This month we have highlighted our Education Outreach Program (EOP) run by Beth Hubbard. This program works with young people between the ages of 17-24 that have dropped out of school. Although started in Whiteside County in 2003 it now covers all three counties. We have helped over 450 young people get their GED and this year we have 86 enrolled.

ROE #47 Education Outreach Program

The Education Outreach Program provides services to Lee, Ogle, and Whiteside County residents between the ages of 17-24 who are in need of their HSE certificate (GED). Individuals receive instruction that results in the HSE certificate as well as career-readiness skills to help them secure and maintain employment.

Services include:

- Individualized academic instruction
- Financial assistance for HSE (GED) test fees and specific certificate training programs including CNA and Welding certificates
- Transportation assistance to HSE (GED) classes and testing
- Periodic financial incentives for passing GED exams and participating in Leadership Workshops
- Career-Readiness classes focusing on career exploration, employee soft skills, and budgeting
- Resume and job search assistance
- Paid work experience and job shadowing opportunities with local employers

GED classes:

Wallace Educational Center:	Tuesdays and Wednesdays 9-11 and 1-3
Rock River Center:	Tuesdays and Thursdays 9-11

Students may also attend GED classes through their local community college and receive services from the Education Outreach Program.

Outcomes for this Program Year

Total Enrollments: 86

Whiteside County:	54
Lee County:	15
Ogle County:	17

HSE Certificates earned since 07/01/2019:	7
HSE Certificates earned since 7/1/2003:	454

Work Experiences since 07/01/2019:	7
Job Shadowing since 07/01/2019:	3

Post-Secondary Training:	2
Advanced Welding Certificate:	1 student earned in 12/2019
CNA:	1 student currently enrolled in the Spring 2020 semester at SVCC

Eight students have been exited from the program so far this year:

- 7/8 (88%) have earned their GED
- 7/8 (88%) have secured employment or have enrolled in college

Regional Office of Education April Committee Report

ICEARY Conference

Chris Tennyson, Mark Morris, Deb Foust, Stephanie Youngmark and the truancy specialist all attended the ICEARY Conference in Bloomington on march 3rd and 4th. The Illinois Council For Educating At Risk Youth is an incredible organization that focuses on the needs of at risk youth in our communities. There were sessions on best practices in alternative schools, effective strategies with truant students and important updates for our homeless student population. Mr. Morris and I learned about some successful things that other alternative schools are doing across the state and we shared some of the successes that we are having at the Regional Center for Change.

Remote Learning

Our entire office has been extremely busy during this unprecedented time. With all schools being shut down in March, Mr. Sondgeroth and Mr. Tennyson coordinated a ZOOM meeting with all of our area superintendents on March 17th. We assisted the superintendents in preparing their E-learning plans and talked about the ways we can best service the students during this stressful time. We continue to provide information and support to all our teachers and administrators during this important time.

County Health Department

Mr. Sondgeroth and Mr. Tennyson have been attending all Emergency management meetings for the three counties. We are also in constant communication with our three county health administrators to make sure the school districts are helping out in any way they can through the stay at home order. Daily communication will continue throughout the crisis.

Professional Development

The Office of Professional Learning has been working diligently to support teachers, administrators, and educational support staff as they transition their teaching and learning to a remote format. The week of March 23rd, the office provided a host of zoom sessions to prepare teachers for extended distance education.

***Keep Learning! Teacher Topics**	***Leading Distance Learning Administrator Topics**

***Over 35 administrators and 100 educators joined us *DAILY* for these informative and important sessions.**

The week of March 30 Professional Learning professionals provided additional opportunities for teachers to network, collaborate, and connect through Zoom via one hour job-alike sessions. Sessions have been well received by educators, who appreciate the support and opportunity to come together. As of Tuesday morning, over 100 educators participated in a networking virtual session.

The Office of Professional Learning has cancelled or postponed face-to-face sessions for the month of April and are working to migrate as much training and support as possible to a digital distance format. School improvement meetings and teacher coaching also continue on a virtual basis.

Family Educators in the department maintain close contact with their at-risk preschool families in Rock Falls & Amboy. Family Educators have identified and communicated community resources during this uncertain time. They are also working to develop family engagement opportunities for families and young children using platforms such as facebook and zoom.

Director of Professional Learning Anji Garza has been working to keep the ROE Facebook page updated with news, information, and resources for teachers, administrators, and families during this time of crisis. The office is using #strongertogether47 to highlight the incredible things school and districts in Lee, Ogle & Whiteside counties are doing for their students, families & communities.

Education Outreach Program

The Education Outreach Program staff has remained in contact with our students through phone, email, text, and Facebook Messenger. We are providing remote learning to our students during the COVID-19 outbreak in a variety of ways.

GED classes are being conducted on Zoom every Tuesday and Wednesday since 3.31.20 for students enrolled in our Wallace Educational Center class. The Rock River Center students have been participating in GED instruction through Facebook Watch Parties and Google Classroom since 3.23.20. All of our students have been linked to instructional materials online through i-Pathways and ReadWorks. In addition, we are in the process of setting up a Career Readiness class on Zoom to provide employment soft skill training for all our students.

While this is a stressful time, we are all doing our best to help our students continue the process toward meeting their goals and most importantly try to maintain a sense of normalcy for them during this turbulent time.

Parents as Teachers First Years

On March 18th, our five Parents as Teachers First Years home visitors began providing virtual home visits to families. What this means is different for every family depending on their needs and their access to various forms of technology and the internet. The home visitors have worked hard to make the necessary accommodations for each family in order to keep them active in the program and engaged in visits. Currently the visits are provided through interactive video conferencing (IVC) platforms, telephone calls, texts, Facebook Messenger, and email. The home visitors have had to learn a variety of IVC platforms such as What's App, Skype, FaceTime, Facebook Messenger, and Zoom. The goal is to connect with most families using IVC or by phone to allow for real-time, in-person conversations and discussions. However, that has been challenging for the families with limited data plans or no phone minutes.

Since the home visitors are not able to bring developmental activities to the homes each week, they have had to focus on what materials the families may have available in their homes and build activities from that. The home visitors report that a major topic of discussion during the visits are how the families are handling sheltering-in-place and the variety of issues raised by the COVID-19 virus. They are providing support for families dealing with anxiety, fear, depression, stress, job-loss, homeschooling, being an essential worker who is at risk for exposure, financial stresses, and lack of access to needed food and basic necessities. They have also educated families about COVID-19, including the importance of handwashing, staying at home, social distancing, and debunking myths surrounding the disease. The home visitors report that they have also spent a lot of time on social media trying to keep up with emerging local resources that are being offered to address the emergency needs of families, such as food distributions, rent assistance, free internet resources, etc. The program supervisor updates the program's Facebook page multiple times during the day with relevant posts about resources available from community agencies in the three-county area, as well as resources for both parent and child mental health, and child development activities.

Program staff have also been engaged in multiple professional learning activities during the week provided by Parents as Teachers National Center and our training provider, The Ounce of Prevention Fund. They have been providing guidance and support for both programs and staff as they move into virtual home visiting. Staff have also been receiving additional mental health support from our Infant Mental Health Specialist. She has provided staff with self-case strategies and helped to mitigate the stress of working with high-need families during this time of heightened crisis.

Truant Alternative Program

January - March is the busiest time for truancy referrals as students are accumulating eligibility attendance that show at-risk behaviors for low attendance and being on-track to graduate. As we know, the two factors are correlated. By the end of the second week of March, the numbers of served students were 600+ with discussions for continued referrals to come. With the COVID-19 outbreak, we have been in contact with students and families to provide direction to appropriate district teachers for e-learning assistance and options or alternative online programs via phone, emails, and text. We have also been providing up-to-date contacts to schools for our families who tend to have transient residency and/or phone numbers. In addition, information for free Comcast internet service is being provided to families as well as online sites to help with fun learning such as Freckle, Mobe Max, Epic, and Prodigy to name a few. We will continue to keep in touch with our schools and make every attempt to help our at-risk students remain on task with their educational goals. In February, our Truancy and McKiney-Vento (homeless) programs collaborated to provide training at the ESSA (Every Student Succeeds Act) Convention in Chicago. The training focused on assisting students who fell under the umbrella of both McKiney-Vento and truancy.The training sparked excellent participation and discussion with a packed room that included interactive activities. ICEARY was attended, as noted by Mr. Tennyson, by three of our four staff in March.

McKinney-Vento Homeless Education Program

There arises greater concern for our children and families that are experiencing a transitional lifestyle during this time. Some shelters have closed their doors, closure or great reduction in jobs are just a few of the factors that have had a vast impact on our families. Our transitional students rely on the meal programs at their schools. The classroom is a stable place for them. Many of our families live in doubled up situations. Therefore, with no one leaving for school or work, it means more people staying in an already closer environment. The federal grant money remains available and ISBE is being generous with creative means of support to our students in transition. Our office continues to reach out to the local district Homeless Liaisons to offer our support of funding for initiatives in their district. Being the Area 2 Lead Liaison, this support continues to the other ROE's in Area 2. This current situation directly reflects on many resources that our Transitional families are living in.

WHITESIDE COUNTY, ILLINOIS
ORDINANCE NO. _____

AN ORDINANCE ESTABLISHING A TIERED FINE STRUCTURE FOR THE GENERALLY APPLICABLE PENALTY PROVISIONS OF THE WHITESIDE COUNTY CODE

WHEREAS, Whiteside County Illinois is a duly created, organized and validly existing county of the State of Illinois under the 1970 Illinois Constitution and the laws of the State of Illinois, including particularly the Illinois Counties Code, and all laws amendatory thereof and supplementary thereto; and

WHEREAS, the Illinois Counties Code provides the County authority to establish fine amounts for violations of the Whiteside County Code of Ordinances, to a maximum of $1,000.00; and

WHEREAS, the Whiteside County Code of Ordinances currently includes multiple Sections establishing fines for violation of said Sections; and

WHEREAS, the County Board wishes to be as consistent and uniformed as practicable with respect to the imposition of fines for violations of the Whiteside County Code of Ordinances; and

WHEREAS, the County Board believes it is necessary and in the best interest of the County to amend the general penalty provision of the Whiteside County Code to establish a tiered fine structure for violations of said Code.

NOW THEREFORE BE IT ORDAINED, by the Whiteside County Board, as follows:

Section 1. The preceding recitations in the upper part of this Ordinance are re-alleged, restated and adopted as paragraph one ("1") of this Ordinance.

Section 2. Chapter 1, Section 1-12, of the Whiteside County Code is amended and shall read as follows:

"Sec. 1-12 **General penalty for violation of Code; separate offenses; opportunity to settle.**

(A) A violator of any section of this Code shall be fined not less than **One Hundred Dollars ($100.00),** nor more than **One Thousand Dollars ($1,000.00),** for any **one (1) violation**. A second violation of the same section of the Code, within any thirty six (36) months period, shall be fined not less than **Two Hundred and Fifty Dollars ($250.00)**, nor more than **One Thousand Dollars ($1,000.00).** A third violation of the same section of the Code, within any thirty six (36) months period, shall be fined not less than **Five Hundred Dollars ($500.00)**, nor more than **One Thousand Dollars ($1,000.00).** A fourth or subsequent violation of the same section

of the Code, within any thirty six (36) months period, shall be fined not less than **Seven Hundred Fifty Dollars ($750.00)**, nor more than **One Thousand Dollars ($1,000.00).**

(B) Whoever commits a violation of the Code, or aids, abets, counsels, commands, induces or procures its commission, is punishable as a principal violator.

(C) County ordinance violations may be satisfied without a court appearance by payment of the lesser of the minimum fine, or the amount indicated on the citation, unless a required court appearance is indicated on said citation.

(D) Any citation fine amount not paid within **thirty (30) days** of the issuance of said citation will be turned over to the County Attorney for prosecution. All collection and attorney's fees shall be due and payable by any person found in violation, in addition to the fine.

(E) The penalty provisions established by this Section shall apply to all ordinance violations under the County Code except, Chapter 6 - Animals, and except for violations where the County has adopted the State Statute and the fine amount is either set by State Statute or the minimum fine amount set by said State Statute exceeds the minimum amount established under the Whiteside County Code, in which case the State statutory fine amount and minimums will apply.

(F) A violator may be given the opportunity to settle their case in accordance with the following provisions:

(1) Any person accused of a violation of any section of this Code may compromise and settle the violation by paying to the County the lesser of the sum of the minimum applicable fine, or the amount indicated on the citation, within **thirty (30) days** from the date the citation was issued.

(2) The offer to settle under this Section shall be as a courtesy. The County is in no way obligated to offer settlement to any alleged violator for any alleged violation. If a violation is not settled, a complaint may be filed with the Whiteside County Circuit Court for prosecution, subjecting the alleged violator to the penalties set forth above. If a complaint is filed in the Whiteside County Circuit Court, every day the violation exists following the date of said filing is, and shall be considered as, an additional violation of the Code subjecting the violator to all applicable penalty provisions for each day the violation continued to exist.

(3) All funds received by any County agency, department or office as the result of settlement of any violation of the County Code shall be accounted for and transferred to the County Treasurer at least once per [week /every two weeks/ month???]."

Section 3. Chapter 6, Section 6-5(c)(1), of the Whiteside County Code is amended and shall read as follows:

"(1)(A) A violation of any provision within this Chapter 6, unless a minimum fine is otherwise specifically provided for by State Statute, is subject to the following penalty provisions: A violator of any section of this Chapter 6 shall be fined not less than **Fifty Dollars ($50.00),** nor more than **One Thousand Dollars ($1,000.00),** for any **one (1) violation**. A second violation of the same section of the Code, within any thirty six (36) months period, shall be fined not less than **One Hundred Dollars ($100.00),** nor more than **One Thousand Dollars ($1,000.00).** A third violation of the same section of the Code, within any thirty six (36) months period, shall be fined not less than **One Hundred Fifty Dollars ($150.00)**, nor more than **One Thousand Dollars ($1,000.00).** A fourth or subsequent violation of the same section of the Code, within any thirty six (36) months period, shall be fined not less than **Two Hundred Dollars ($750.00)**, nor more than **One Thousand Dollars ($1,000.00).**

(B) Whoever commits a violation of the Chapter 6, or aids, abets, counsels, commands, induces or procures its commission, is punishable as a principal violator.

(C) County ordinance violations may be satisfied without a court appearance by payment of the lesser of the minimum applicable fine, or the amount indicated on the citation, unless a required court appearance is indicated on said citation.

(D) Any citation fine amount not paid within **thirty (30) days** of the issuance of said citation will be turned over to the County Attorney for prosecution. All collection and attorney's fees shall be due and payable by any person found in violation, in addition to the fine.

(E) The penalty provisions established by this Section shall apply to all ordinance violations under this Chapter 6 - Animals, except for violations where the County has adopted the State Statute and the fine amount is either set by State Statute or the minimum fine amount set by said State Statute exceeds the minimum amount established under the Whiteside County Code, in which case the State statutory fine amount and minimums will apply.

(F) A violator may be given the opportunity to settle their case in accordance with the following provisions:

(1) Any person accused of a violation of this Chapter 6 may compromise and settle the violation by paying to the County the lesser of the sum of the minimum applicable fine, or the amount indicated on the citation, within **thirty (30) days** from the date the citation was issued.

(2) The offer to settle under this Section shall be as a courtesy. The County is in no way obligated to offer settlement to any alleged violator for any alleged violation. If a violation is not settled, a complaint may be filed with the Whiteside County Circuit Court for prosecution, subjecting the alleged violator to the penalties set forth above. If a complaint is filed in the Whiteside County Circuit Court, every day the violation exists following the date of said filing is, and shall be considered as, an additional

violation of the Code subjecting the violator to all applicable penalty provisions for each day the violation continued to exist.

(3) All funds received by any County agency, department or office as the result of settlement of any violation of the County Code shall be accounted for and transferred to the County Treasurer at least once per [week /every two weeks/ month???]."

Section 4. To the extent that any section of the County Code identifies a minimum, maximum, or set fine amount for a Code violation, except as relates to Chapter 6 of this Code, those minimum, maximum, or set fine amounts are hereby superseded and replaced by the penalty provision of Chapter 1, Section 1-12, as set forth above in this ordinance.

Section 5. All sections of the County Code of Ordinances not specifically amended by this ordinance remain unchanged and in effect. To the extent the provisions of this ordinance are inconsistent with, or in conflict with, previously enacted ordinances, the provisions of this ordinance shall prevail.

Section 6. This Ordinance shall take effect 10 days following its passage, approval and publication as required by law.

ANNUAL REPORT

Terry Costello, State's Attorney, released the final results of prosecution completed by the State's Attorney's Office during calendar year 2019.

CONVICTIONS:

Felony convictions:	313 (397 new cases filed)
Misdemeanor convictions:	173 (256 new cases filed)
Traffic convictions:	1,100 (5,946 new cases filed)
DUI convictions:	83 (148 new cases filed as misdemeanors)
Juvenile Adjudications: (delinquency, child abuse, etc.)	39 (150 new cases filed)
	1,708

The total of 1,708 convictions represent those convictions achieved both by trial and by pleas of guilty in both the Sterling and Morrison courts, and they apply **only** to those cases in which the defendant appeared before a judge. Those persons found not guilty after trials, were charged with 6 felony offenses, 2 misdemeanor offenses, and 4 traffic offenses. There were 6 jury trials held.

There were 100 defendants sent to the Department of Corrections. All of these defendants were sentenced on felony offenses. A total of 404 years of prison time was imposed.

The following is a breakdown of the misdemeanor DUI's filed.

Total filed in 2019	148

VICTIM'S ASSISTANCE PROGRAM:

The Victim's Assistance Program has provided services to 334 new victims during the 2019 calendar year. The services provided include case notification, emotional support, referral, restitution assistance, criminal justice information, orders of protection, case information, victim compensation, bond restrictions, court advocacy, and transportation. The program is staffed by a full-time Victim's Assistant in the Morrison office and a part-time Victim's Assistant in the Sterling office.

The main function of the victim's assistance program is to assist the victims of crime in their journey through the criminal justice system. An informed victim is more likely to become a partner in the prosecution of a criminal, resulting in a more effective and efficient court system.

During the past year, defendants have been ordered to pay $110,607.42 in restitution to victims of crimes. $115,020.55 was collected in the year 2019 and $122,146.43 was disbursed. Some of the amount collected was from amounts ordered in prior years, and efforts continue to collect the balance of the amount ordered. The collection and disbursement of the amounts ordered is managed through a cooperative effort of the Probation department, the Circuit Clerk's office and the State's Attorney's office.

The Victim Impact Panel for DUI offenders met 4 times during the last year. A total of 88 DUI offenders attended.

PUBLIC SERVICE EMPLOYMENT:

Public Service Employment hours were ordered by the court as follows:

114 adults for a total of 31,020 hours work (775 forty hour work weeks)

2 juveniles for a total of 610 hours work (15 forty hour work weeks)

FINES:

Fines in the amount of $696,292.67 were collected. Of that amount, Whiteside County received $186,010.41 from felony and misdemeanor fines, and $216,057.05 from traffic fines. According to Sue Costello, Circuit Clerk, the balance of these fines were distributed as follows:

Conservation	$ 3,387.83
Sterling	$ 93,901.08
Rock Falls	$ 53,530.78
Lyndon	$ 117.50
Erie	$ 5,324.05

State Crime Laboratory Fund	$ 4,073.29
State Police DUI Fund	$ 5,848.92
Violent Crime Victims Fund	$ 57,557.96
Traffic & Criminal Conviction surcharge	$ 11,901.00
Drivers Education Fund	$ 31,024.74
Domestic Violence Shelter Fund	$ 3,503.63
Drug Treatment Fund	$ 37,336.66
Sexual Assault Services Fund	$ 100.00
Trauma Center Fund	$ 13,022.24
Youth Drug Abuse Prevention Fund	$ 3,906.30
Spinal Cord Injury Research Fund	$ 590.82
Fire Prevention Fund	$ 4,549.50
LEADS Maintenance Fund	$ 506.80
State Offender DNA Identification System Fund	$ 20,848.95
Domestic Violence Abuser Services Fund	$ 123.30
Sex Offender Registration Fund	$ 500.00
Drug Court Fund	$ 13,151.61
Child Advocacy Fund (April House)	$ 10,360.93

A total of $16,332.82 was collected as the result of special fines imposed in drug cases, and $0.00 was collected and deposited into the Sheriff's drug prevention fund. That amount is used to fund the Deputy assigned to the Blackhawk Area Task Force. All Illinois State Police fines are paid over to Whiteside County. This money is used by law enforcement agencies for the continuing investigation of drug crimes.

The above figures do not represent court costs and other fees assessed against defendants.

State's Attorney

RESOLUTION

WHEREAS, the Office of the State's Attorneys Appellate Prosecutor was created to provide services to State's Attorneys in Counties containing less than 3,000,000 inhabitants; and

WHEREAS, the powers and duties of the Office of the State's Attorneys Appellate Prosecutor are defined and enumerated in the "State's Attorneys Appellate Prosecutor's Act", 725 ILCS 210/1 et seq., as amended; and

WHEREAS, the Illinois General Assembly appropriates monies for the ordinary and contingent expenses of the Office of the State's Attorneys Appellate Prosecutor, one-third from the State's Attorneys Appellate Prosecutor's County Fund and two-thirds from the General Revenue Fund, provided that such funding receives approval and support from the respective Counties eligible to apply; and

WHEREAS, the Office of the State's Attorneys Appellate Prosecutor shall administer the operation of the appellate offices so as to insure that all participating State's Attorneys continue to have final authority in preparation, filing, and arguing of all appellate briefs and any trial assistance; and

NOW, THEREFORE, BE IT RESOLVED that the Whiteside County Board, in regular session, this _____ day of _____, 20____ does hereby support the continued operation of the Office of the State's Attorneys Appellate Prosecutor, and designates the Office of the State's Attorneys Appellate Prosecutor as its Agent to administer the operation of the appellate offices and process said appellate court cases for this County.

BE IT FURTHER RESOLVED that the attorneys employed by the Office of the State's Attorneys Appellate Prosecutor are hereby authorized to act as Assistant State's Attorneys on behalf of the State's Attorney of this County in the appeal of all cases when requested to do so by the State's Attorney, and with the advice and consent of the State's Attorney, prepare, file, and argue appellate briefs for those cases; and also, as may be requested by the State's Attorney, to assist in the prosecution of cases under the Illinois Controlled Substances Act, the Cannabis Control Act, the Drug Asset Forfeiture Procedure Act, and the Narcotics Profit Forfeiture Act. Such attorneys are further authorized to assist the State's Attorney in the trial and appeal of tax objections.

BE IT FURTHER RESOLVED that the Office of the State's Attorneys Appellate Prosecutor will offer Continuing Legal Education training programs to the State's Attorneys and Assistant State's Attorneys.

BE IT FURTHER RESOLVED that the attorneys employed by the Office of the State's Attorneys Appellate Prosecutor may also assist the State's Attorney of this County in the discharge of the State's Attorney's duties in the prosecution and trial of other cases, and may act as Special Prosecutor if duly appointed to do so by a court having jurisdiction.

BE IT FURTHER RESOLVED that if the Office of the State's Attorneys Appellate Prosecutor is duly appointed to act as a Special Prosecutor in this County by a court having jurisdiction, this County will provide reasonable and necessary clerical and administrative support and victim-witness coordination on an as-needed basis and will also cover all reasonable and necessary case expenses such as expert witness fees, transcripts, evidence presentation, documents, lodgings, and all other expenses directly related to the prosecution of the case.

BE IT FURTHER RESOLVED that the Whiteside County Board hereby agrees to participate in the service program of the Office of the State's Attorneys Appellate Prosecutor, commencing December 1, 2019 and ending November 30, 2020, by hereby appropriating the sum of $22,000.00 as consideration for the express purpose of providing a portion of the funds required for financing the operation of the Office of the State's Attorneys Appellate Prosecutor, and agrees to deliver the same to the Office of the State's Attorneys Appellate Prosecutor on request during the stated twelve month period.

Passed and adopted by the County Board of Whiteside County, Illinois, this _____day of _____20_____.

COUNTY OF WHITESIDE

RESOLUTION NO._____

POSTPONING DELINQUENCY DATE INTEREST FOR THE FIRST INSTALLMENT 2019 (PAYABLE 2020) PROPERTY TAX PAYMENTS PURSUANT TO 35 ILCS 200/21-40 (C)(1)(B) AND POSTPONING DELINQUENCT DATE INTEREST FOR 2020 MOBILE HOME TAX PAYMENTS PURSUANT TO 35 ILCS 515/9.3(B)

WHEREAS, County residents and property tax owners currently face an unprecedented health crisis due to the COVID-19 global pandemic; and

WHEREAS, as a result of the COVID-19 global pandemic and resulting Illinois Executive Orders requiring the closure of certain businesses and requiring that individuals "stay at home" numerous County residents, small business owners, and retail establishments have expressed concern regarding their ability to pay their property tax obligations in a timely fashion; and

WHERAS, significant restrictions currently exist regarding payment methods; and

WHEREAS, in response to the outbreak of COVID-19, the State of Illinois declared all counties in the State a disaster area by Executive Order of the Governor on March 20, 2020, and on March 26, 2020, an Illinois disaster declaration was approved by the President of the United States; and

WHEREAS, the Illinois Property Tax Code at 35 ILCS 200/21-40 (C)(1) permits a county board to adopt an ordinance or resolution modifying certain provisions of the Property Tax Code where that county has been designated a disaster area by the President of the United States or the Governor of the State of Illinois upon certain condition being met.

WHEREAS, the Illinois Property Tax Code at 35 ILCS 515/9.3(B) permits a county board to adopt an ordinance or resolution for mobile home property where the county has been designated a disaster area by the President of the United States or the Governor of the State of Illinois upon certain condition being met.

NOW, THEREFORE, BE IT RESOLVED by the Whiteside County Board that the real property in the County of Whiteside has been adversely affected by the COVID-19 global pandemic; therefore, on the recommendation of the County Treasurer, the penalty of interest shall be postponed for the first installment of property taxes for the 2019 (payable 2020) taxable year that otherwise would be imposed under Section 21-15, 21-20, or 21-25 of the Illinois Property Tax Code, provided the tax payer pays the full amount of all property taxes for the 2019 (payable 2020) on or before July 15, 2020, at which time such penalties shall be waived. Failure to pay first installment of 2019 (payable 2020) tax year property taxes by July 15, 2020, will result in full application of applicable penalties pursuant to the Property Tax Code retroactive to the June 12th due date. This resolution does not amend the due dates for the first or second installment of 2019 (payable 2020) tax year property taxes; and

THEREFORE, BE IT RESOLVED by the Whiteside County Board that the real property in the County of Whiteside has been adversely affected by the COVID-19 global pandemic; therefore, on the recommendation of the County Treasurer, the penalty of interest shall be postponed for the installment of the mobile home taxes for the 2020 taxable year that otherwise would be imposed under 35 ILCS 515/9 of the Illinois Property Tax Code, provided the tax payer pays the full amount of all property taxes for the 2020 taxable year on or before July 1, 2020, at which time such penalties shall be waived. Failure to pay the mobile home taxes by July 1, 2020, will result in full application of applicable penalties pursuant to the Property Tax Code retroactive to the June 1 due date. This resolution does not amend the due date for the 2020 tax year of mobile home taxes.
