

WHITESIDE COUNTY
COUNTY ENGINEER

Whiteside County will be accepting applications for the position of County Engineer. The applicant shall be a licensed Professional Engineer in the State of Illinois and possess a baccalaureate degree in engineering from an accredited college or university. Applicants must have at least five years experience in civil and highway engineering or in the construction and maintenance of streets or highways or both. The applicant shall also be familiar with the Illinois Department of Transportation specifications and procedures. Job requirements include performing the duties as outlined in 605 Illinois Compiled Statutes 5/5-205. Additional duties include overseeing the post closure of the county landfill and approximately 4 miles of a sewer line infrastructure. Salary is open. All applications need to be in the hands of Whiteside County Board by 4:30 P.M., Thursday, January 19th, 2012.

Submit letter and resume to:
