Whiteside County Health Department Temporarily Moving to Vaccination by Appointment for COVID-19

November 1, 2021 – Beginning this Tuesday, November 2nd, 2021 the Whiteside County Health Department (WCHD) will temporarily be requiring an appointment for individuals seeking COVID-19 vaccination to help minimize wait times and keep visitors appropriately spaced in our waiting rooms. This temporary change should keep our process running smoothly once the Pediatric Pfizer vaccine for individuals age 5 through 11 is approved and vaccination begins. Individuals will be able to make an appointment Monday through Friday between 8:30am and 4:00pm online at:

<https://events.iuware.com/IL-IDPH/530a9d8f-5238-4561-bc90-7857ddbee861/>

Individuals may also schedule by phone by calling the IDPH Vaccine Appointment Call Center at 833-621-1284

We are excited that so many within our community are doing what they can to protect themselves and those around them. For now, we ask individuals to [schedule online](#) with WCHD or visit vaccines.gov to find other COVID-19 vaccine providers near them.

Finally, we have included a table below with a brief overview of some of the COVID-19 vaccine options in Whiteside County. Visit vaccines.gov or contact them directly to learn more.

Whiteside County COVID-19 Vaccine Provider Overview		
Moderna (18+)	Pfizer (12+)	Johnson & Johnson (18+)
